For all schools and leaders

mind your health

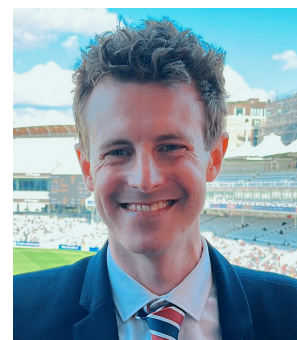

Our PSHE Consultation Service provides schools and leaders with an opportunity to reflect and improve their PSHE provision.

Mind Your Health is proud to have Chris Farman to lead thorough consultations with schools.

Chris Farman is currently Assistant Head (Wellbeing) at Denstone College. He has led PSHE in a variety of schools and now provides consultations due to the success in his own school.

PSHE and its delivery continue to be an important area for discussion during inspections and is a vital subject in providing young people with the skills to thrive in an ever-changing world.

Chris has worked with a number of schools previously to review and build on their current provision and leadership of the subject to ensure it provides the best possible outcomes for young people.
